We are YAK,
 Firstsite's resident Young Art Kommunity.

Flipside
 is a two-week takeover,

a festival in which we are

interpreting the gallery

in a new and unfamiliar way,

representing how we feel as young people

by trying to flip expectations at

every

turn.

We meet at Firstsite every week and know it

inside out, so for this festival the whole

building is our canvas.

We have reimaged rooms,

spaces, floors and

ceilings

into interactive installations, and there are

workshops, performances and events around every

corner.

Our festival is one **big** conversation

about remoulding people's perceptions;

it's a linked-up journey that allows you to

explore the building anew and find new ways

of seeing things.

Firstsite is now

on its **Flipside.**

About Circuit

Circuit is a four year national programme

connecting 15-25 year olds to the arts in galleries

and museums working in partnership with the

youth and cultural sector. Led by Tate and funded

by the Paul Hamlyn Foundation, it provides

opportunities for young people to steer their own

learning and create cultural activity across art

disciplines.
