## Create at Home

### Drawing Material Ideas:

Any kind of paper or card - it could be coloured

Post it notes

Old envelopes

Clean cardboard from your recycling - this could be the inside of a cereal box

A pen or pencil - these could be coloured

### Drawing Techniques:

1) Draw with your eyes closed.

2) Draw with your non-dominant hand.

3) Draw on top of another drawing (this works really well if you use another coloured pencil or pen).

4) Draw by attaching your pencil/pen to a long object such as a ruler or wooden spoon and draw from a distance.

5) Draw using only dots.

6) Draw without taking your pencil or pen off the page.
