

**On 13 Jun 2025, I'm going to the cinema at
Firstsite.**

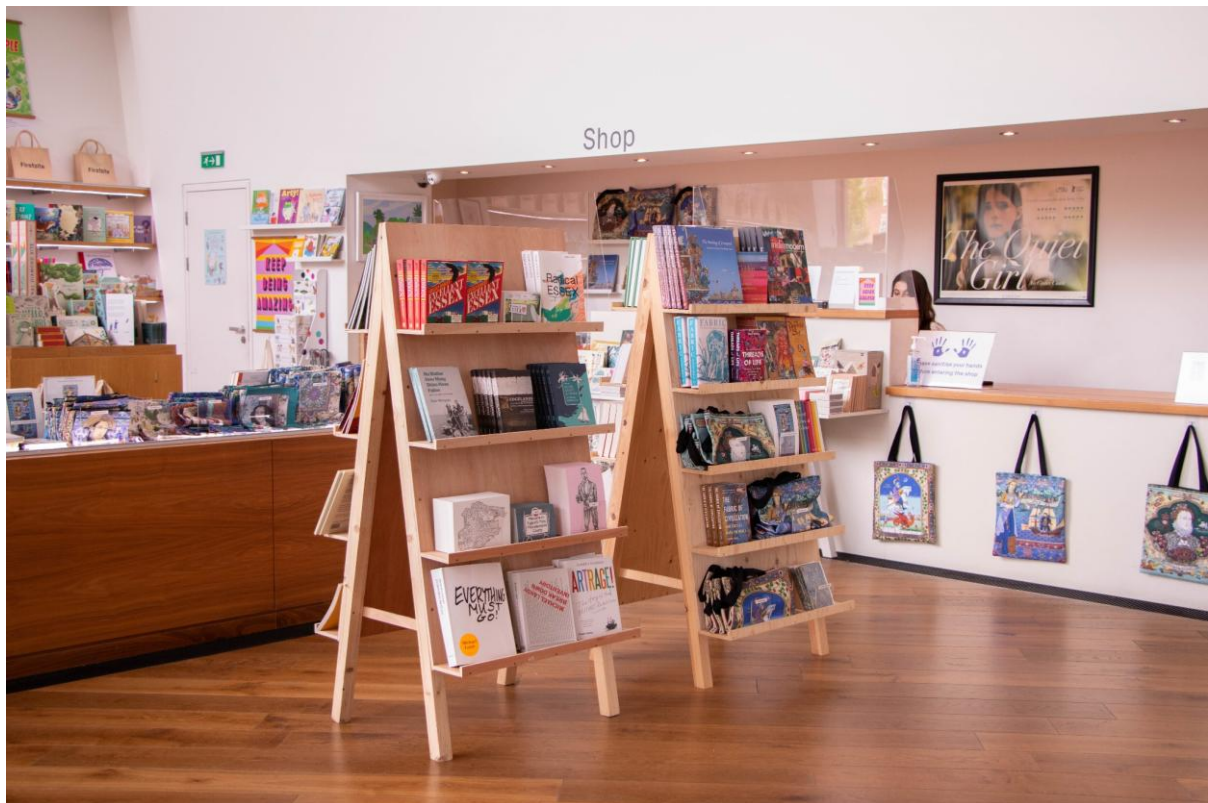

I will need to go through the Firstsite main entrance.

When I go into the building there will be a big sculpture of a man.

On my left will be the Firstsite Shop.

When I get to the reception, I will need to get a ticket, or show my ticket that I've booked online.

At the Firstsite Welcome Desk, I can choose from a selection of sensory objects to take into the cinema with me.

Ear defenders are also available to borrow for the duration of the film.

These must be handed back to the Firstsite Welcome Desk after I have finished using them.

I can follow the curve of the building where there is the cinema, toilets, Café and gallery spaces.

The first toilets I will come across are either side of the blue curved cinema.

There are more toilets further along the building and in the café.

The cinema is a large blue building on my left.

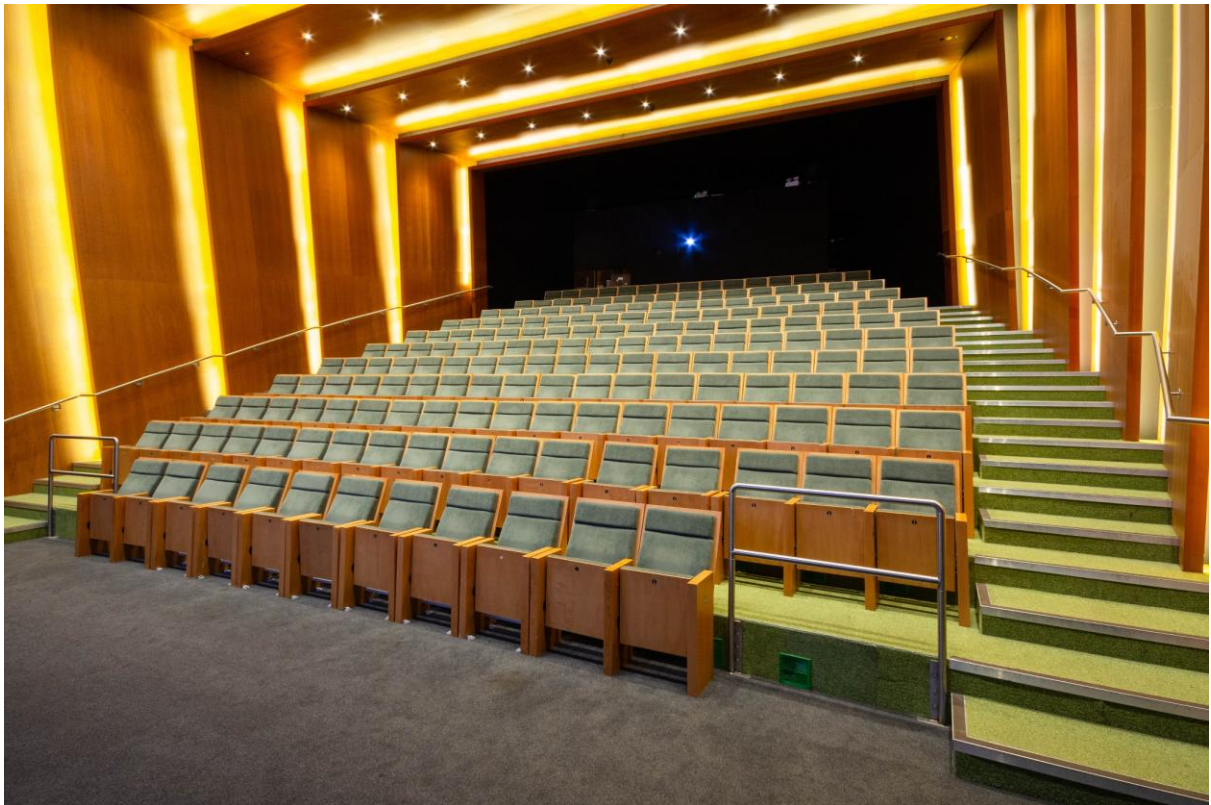

I will need to walk down the corridor to get to the cinema entrance.

**I will go through this door to get to the cinema.
I may have to queue. I will need to show the
usher my ticket that I have printed at home or
show my ticket on a phone.**

I will go into the cinema to watch the film.

I will need to find my seat and sit down.

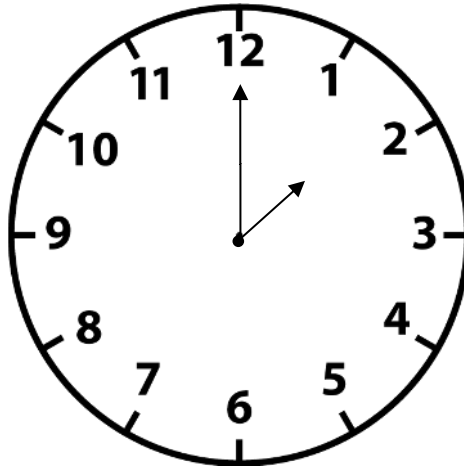

Once I have found my seat I will watch the film.

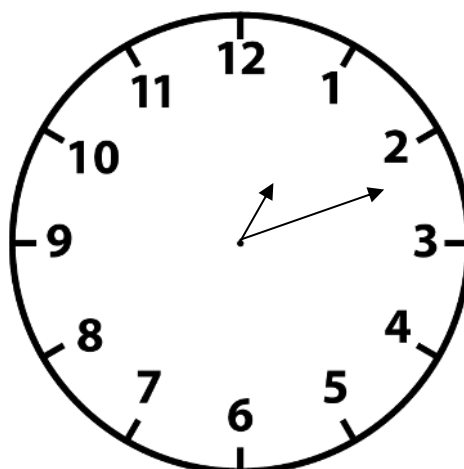

If I want to, I can move and sit in a different seat within my allocated bubble.

I can go into the cinema at 11:00am and start watching the film.

The film will finish at 1:11pm and I will leave the cinema.

Ocean With David Attenborough

After nearly 70 years of filming the natural world, *Ocean With David Attenborough* is Sir David's most powerful and urgent message yet.

This compelling documentary takes viewers on a breath-taking journey showing there is nowhere more vital for our survival, more full of life, wonder, or surprise, than the ocean.

The legendary broadcaster and filmmaker reveals how his lifetime has coincided with the great age of ocean discovery.

Through spectacular sequences featuring coral reefs, kelp forests and the open ocean, Attenborough shares why a healthy ocean keeps the entire planet stable and flourishing.

Ultimately the story is one of optimism, with Attenborough showcasing inspirational stories from around the world to deliver his greatest message: the ocean can recover to a glory beyond anything anyone has ever seen.
